SOLUTIONS

SCF

**20 FT
PALLET
WIDE**

20ft Pallet Wide

SCF's 20ft Pallet Wide container is wide enough to fit two chep pallets side by side to maximise equipment utilisation. Easily fit up to 10 pallets for safe and secure transport. Or 20 pallets by adding our vertical load bars.

Key Features

- Lashing rings and tie rails to secure cargo
- SCF custom base arrangement with reinforced floors
- 20' handling points
- Fork pockets
- Reinforced handling points to reduce damage
- Secure and lockable

Options

- Vertical Load Bars
- Lightweight Model
- Branding

Details

Built with high-quality materials, SCF's 20ft pallet wide container is one of the best performing for intermodal operators to transport goods on road and rail.

10 pallets not enough? Double the internal capacity by including our vertical load bars for up to 20 pallets.

SCF also produces a range of other sizes and variants to provide alternative capacity options to suit your requirements. Consider a larger 40ft variant (20 pallets, or 40 with vertical load bar option) or 48ft variant (24 pallets or 48 with vertical load bar option).

These containers are proven to protect goods in transit, whilst minimising damage through SCFs custom design and quality construction.

Specifications

20ft Pallet Wide | PW296

Specifications may vary

Internal

Length (mm)	5,899
Width (mm)	2,422
Height (mm)	2,694

External

Length (mm)	6,058
Width (mm)	2,462
Height (mm)	2,896

Weight

Tare (kg)	2,882
Payload (kg)	27,598
MGW (kg)	30,480

Top:
Safely transport
up to 10 Chep
pallets or 20
pallets with
optional vertical
Load bars.
